

Constructing Excellence

Lean Construction Leadership Programme

2017 PUBLIC COURSE PROGRAMME

Lean Construction Yellow Belt

2 Day Yellow Belt Certificate: Introduction to the principles and tools including PDCA (Plan Do Check Act) 5S, STOP, Waste & Improvement cards, Target Value Design and Last Planner. Your assignment includes presenting to your team and implementation of one of the principles or tools.

LC-YB17A	4 th & 5 th April 2017	Auckland	Prospectus & Registration
LC-YB17B	8 th & 9 th August 2017	Auckland	Prospectus & Registration

Lean Construction Green Belt Practitioner

3 Day Green Belt Practitioner Certificate: Step by Step development of your ability to lead the design and delivery of a LC improvement initiative. Building on your yellow belt experience, you will become familiar with the DMAIC improvement cycle and suite of tools, (Define, Measure, Analyse, Improve, Control). Your assignment will involve developing your LC initiative on your project. Your assignments ultimately build towards your measured value improvement.

LC-GB17A	9 th May, 13 th June & 11 th July 2017	Auckland	Prospectus & Registration
LC-GB17B	20 th September, 19 th October & 21 st November 2017	Auckland	Prospectus & Registration

Advanced Last Planner Workshop 1 & 2

Take-up in New Zealand is now such that there is a need for more advanced help for those with experience who are gaining benefits but want to go deeper, to gain more consistent results or simply troubleshoot existing implementations of Last Planner.

Both **one day workshops** are designed with this in mind. It will help you to develop a deeper understanding of the Last Planner system so that you can troubleshoot and improve your current programmes, coach your team and lead initiatives that take you over the 69% bar and up into the 85% area of performance.
