

The New Zealand Construction Clients Group

**Construction
Clients' Group**
CONSTRUCTING EXCELLENCE

Note

**Venue Changed!
New times for 2010,
earlier start and finish!**

Meeting No. 38

- when: **Wednesday 24th February 2010, 08.30 Hrs. to 12.30 Hrs.**
where: **Site Safe, Lvl. 1, 31 Maurice Road, Penrose, Auckland**
theme: **Health, Safety and Environment – Client implications of current Best Practise**

Construction client responsibilities and opportunities around Health, Safety and the Environment are high on the agenda at the moment. Firstly recent court action has thrown a Principal's responsibility clearly into focus as being a prime business driver. Secondly the value for money debate around the long term performance of green buildings is current, pertinent and also is at the heart of client drivers.

08.30am Welcome & Introduction, CCG Update by Chair - Joe Hollander.

08.45am Host Introduction – Russell Parker, Auckland Manager – Site Safe.

09.00am “State of the Nation” – Garry Menhennet, CEO - Site Safe.

Garry will provide an overview on the state of the industry, its views on common training systems and other current drivers in the construction safety sector, along with where Site Safe sees itself in this mix from now and into the future.

Results, Tools and Techniques – innovations in H&S audits and benchmarking.

A review of Site Safe's PDA audit tool along with the associated Benchmarking and Charter Accreditation system. A progress update will be given for the review, industry audit and benchmarking results.

10.00am Morning Tea.

**10.20am Regional contract consistency in safety and environmental management
Blair McMichael, Auckland Regional Contracts Group Safety Group Chair.**

The ARCG have sought to standardise contract management in safety and health by taking a systems approach. The fundamental objectives being the reduction in time (& money) and increased productivity associated with the prompt turnaround of supporting contract material. By default, this is a prerequisite to Auckland Councils' supercity' merger.

**11.00am Do Green Buildings Really Pay? – Present Industry Experience,
Jane Henley – CEO, NZ Green Building Council.**

Jane will capture the sea change in industry thinking and a critical analysis around green building, including the financial case for green building, emerging trends, industry challenges and the value of integrated design models.

11.30pm Discussion.

12.00pm Close and light buffet lunch.

Sharing, Learning, Innovating, Together'
