Constructing Excellence

Lean Construction Leadership Programme

Advanced Last Planner[™] Workshop

Where: Rose Park Hotel, 92-102 Gladstone Rd, Parnell, Akid 1010 When: 1st December 2016

Agenda:

2. Chairing the Production Meeting 3. Performance Tracking (Last Week) 4. Production Setting (This Week) 5. Lookahead Planning (5 Week Lookahead)PLANNING and other NEW toois, measure and systems to secure 69%+++10.15Morning TeaItel and secure 69%+++10.30Villego® Last Planner Simulation – Round 1 Illustrating current PUSH planning and capturing comparative data Plan for Round 2 – Applying last Planner Health Check 101 from earlier sessionItel and secure 69%+++12.30Lunch"13.30Villego® Last Planner Simulation – Round 2 Implementing PULL planning and using REAL TIME data for continuous collaboration. Review Round 2 – Discuss applying PULL planning into current LP process."15.15Afternoon Tea"15.30Take it Deeper – Strategic Analysis & Kaizen • Weekly Production Sheets • Performance tracker • Consistent Constraint Clearing • *NEW MEASURE* – 'Tasks Made Ready'All	Time	Торіс	Facilitator
PIUS + Delta : Last Planner - What's working for you, what isn't! 9.00 Health Checking 101 : Culture & Process Step by Step journey through best practice Last Planner implementation using CENZ LP Health Check Compendium and lessons from Chicago LCI 2016. You will be asked to work on your own live projects, applying the best practices. Creating the Culture Chairing the Production Meeting Performance Tracking (Last Week) Production Setting (This Week) Lookahead Planning (5 Week Lookahead) Introducing PUL PLANNING and ot NEW tools, measu and systems to secure 69%+++ 10.15 Morning Tea 10.30 Villego® Last Planner Simulation – Round 1 Illustrating current PUSH planning and capturing comparative data Plan for Round 2 – Applying last Planner Health Check 101 from earlier session 12.30 Lunch 13.30 Villego® Last Planner Simulation – Round 2 Implementing PULL planning and using REAL TIME data for continuous collaboration. Review Round 2 – Discuss applying PULL planning into current LP process. 15.15 Afternoon Tea 15.30 Take it Deeper – Strategic Analysis & Kaizen Weekly Production Sheets Performance tracker Consistent Constraint Clearing * NEW MEASURE* – Tasks Made Ready' 16.15 Next Steps, Takeaways and Wrap Up	8.00	Welcome, introductions and your workshop goals	
9.00 Health Checking J01: Culture & Process Step by Step journey through best practice Last Planner implementation using CENZ LP Health Check Compendium and lessons from Chicago LCI 2016. You will be asked to work on your own live projects, applying the best practices. 1. Creating the Culture 2. Chairing the Production Meeting 3. Performance Tracking (Last Week) 4. Production Setting (This Week) 5. Lookahead Planning (5 Week Lookahead) 10.15 Morning Tea 10.30 Villego® Last Planner Simulation – Round 1 11/Lustrating current PUSH planning and capturing comparative data Plan for Round 2 – Applying last Planner Health Check 101 from earlier session 12.30 Lunch 13.30 Villego® Last Planner Simulation – Round 2 Implementing PULL planning and using REAL TIME data for continuous collaboration. Review Round 2 – Discuss applying PULL planning into current LP process. 15.15 Afternoon Tea 15.30 Take it Deeper – Strategic Analysis & Kaizen • Weekly Production Sheets • Performance tracker • Consistent Constraint Clearing • *NEW MEASURE* – (Tasks Made Ready' 16.15 Next Steps, Takeaways and Wrap Up All	8.30	Plus + Delta 🔺 : Last Planner - What's working for you, what isn't!
