

Arlington Sites 1 and 3

Kāinga Ora—Homes and Communities are building 301 new warmer, drier, modern homes on our Arlington site in Mt Cook, Wellington. This will include:

- a mix of public, supported housing and possibly market homes for a range of people
- a mix of sizes, from one-bedroom studios through to five-bedroom family homes.

Make up of homes:

Our new homes will include:

- 152 one-bedroom
- 105 two-bedroom
- 34 three-bedroom
- 8 four-bedroom
- 2 five-bedroom

There will be 234 state homes, 40 of which have been allocated for supported living. We have also proposed a section of 67 market/affordable homes.

Other amenities on site will include a community centre, park, play area, office space, and community gardens

Broader social outcomes

Kāinga Ora is working to ensure that broader social, environmental, cultural and economic outcomes are achieved through our programme and we have a greater focus on providing long-term benefits for New Zealanders. Through strategic and well-considered partnerships, Kāinga Ora can help upskill and grow the construction workforce, improve literacy, promote sustainability and waste minimisation, promote health and well-being, and foster a positive relationship with the community.
