Te Awahou Nieuwe Stroom - Foxton

Join us for an early start and a hot finger food breakfast. Building on the success of last year's Users' Group Breakfast Briefings we are expanding these to cover New Zealand's three main centres. Users' Group Members can attend these interactive Briefings for free. You will link with both UK practitioners, to hear the latest international insights, and local experience from New Zealand-based case studies from current projects. Alongside opportunities to meet and network with local practitioners there will be detailed question and answer sessions with the presenters and industry experts from the Steering Group. The sessions will also cover a look ahead at the Users' Group and training programme and at legislative and procurement changes in the market changes in New Zealand and a review of new and update on the Contract forms and packages. There will also be a facilitated review discussion period.
