120 Hereford Street, Christchurch

**REGISTER** 

*“Good Clients make the biggest difference”*

**Developing Clients' input into the Industry Transformation Agenda**

Chair for the evening: Colin MacKay, Project Delivery Manager, NZ Transport Agency

The Industry Transformation Agenda is a call to action to transform our building and construction industry. The ambition of the Industry Transformation Agenda is to transform New Zealand's building and construction industry to create a better future for everyone our industry touches.

It aspires to create a future where our industry is recognised as:

- A quality industry, recognised as professional, ethical, sustainable and productive, delivering value for money.
- An agile industry that collaborates to better manage cycles of work, and invests in skills and knowledge.
- A future-focused industry that welcomes and adopts effective technology and innovations.

Join **Chelydra Percy, BRANZ Chief Executive** for a Construction Clients' Group interactive workshop about the Industry Transformation Agenda and how good Clients will need to engage to drive a transformative change in the building and construction sector.
