Background

Based upon the foundations of the @One Alliance (one of the original Project 13 Early Adopters), two new Project Alliances have been established.

Matthew Kuhn, as Head of Production, identified the need for a Strategic Pipeline Alliance and leads the team developing this to enable commencement of large diameter inter-connector pipework required to satisfy the Water Resources Management Plan.

Anglian have also developed an Information Services Alliance to deliver the technology and digital infrastructure requirements of the business, including the Strategic Pipeline Alliance, a first in the technology sector.

Matthew will review how Anglian leveraged the benefits of the supply chain through Alliancing to his experience in develop the alliancing arrangements further.

CoP White Paper

A copy of the Institutions of Civil Engineers NZ Committee's (ICE in NZ) 'White Paper' will be provided to all registrants.
