CONSTRUCTING EXCELLENCE

Achieving Broader Outcomes in our Pandemic World

16 March 2022

What are broader outcomes?

Broader outcomes are the secondary benefits that are generated by the way goods, services or works are produced or delivered.

Outcomes and benefits can be

- social,
- environmental,
- cultural or
- economic

Broader Outcomes

Objective to deliver long-term public value for New Zealand.

- Requires consideration of not only the whole-of-life cost of the procurement, but also the costs and benefits to society, the environment and the economy.

Broader Outcomes

4 x Priorities

- Increasing access for New Zealand businesses
- Construction skills and training
- Improving conditions for New Zealand workers
- Reducing emissions and waste

Broader Outcomes

Consultants' context

Broader Outcomes

Increasing access for New Zealand businesses

- NZ owned business
- Returning business profits to NZ and within the NZ economy
- NZ context and relevance
- Encourage NZ supply chain

Broader Outcomes

Construction skills and training

- Drive industry improvement
- Knowledge growth
- Staff development
- Encourage innovation
- Build engagement

Broader Outcomes

Improving conditions for New Zealand workers

- Health & Safety
- Wellbeing
- Psychological health, EAPs
- Workplace improvement
- Ethics, fairness, diversity, inclusion

Broader Outcomes

Reducing emissions and waste

- Target meaningful reductions
- Tangible and measurable goals
- Actions vs promises
